JOHN NIGEL LANDINGIN

Barangay Atioc, Tarlac City, Philippines | +63 918 371 1271 | landinginjohnnigel@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Information Technology graduate with hands-on experience in PC hardware/software troubleshooting, systems administration, and desktop/interactive application development. Demonstrated ability in technical user support, database management, and multimedia asset production. Adept at diagnosing system issues, focusing on administrative operations, and learning emerging technologies rapidly to support enterprise IT infrastructure.

TECHNICAL SKILLS

- **Hardware & Support:** PC Hardware Assembly & Diagnostics, OS Installation, Troubleshooting, Preventive Maintenance, Technical User Support, Network Cabling & Basic Setup
- **Systems & Tools:** Windows Server / Desktop, Linux Systems Administration, Microsoft Office Suite (Word, Excel, PowerPoint), Git / Version Control
- **Programming & Databases:** C#, Java, SQL / Database Design, Unity Engine
- **Digital Media & Design:** Graphic Design (Adobe Photoshop, Canva), Video Editing, 3D Asset Integration

WORK & INTERNSHIP EXPERIENCE

Hexatronics Incorporated | *OJT Intern – Systems & Multimedia Development (486 Hours)* [Feb 2026 – May 2026]

- Developed an interactive 3D product showcase application using Unity, integrating AI-assisted 3D assets to elevate interactive digital presentations.
- Designed and delivered high-impact marketing collateral, including corporate video reels, catalogs, magazines, and flyers for events and product rollouts.
- Collaborated with team members to test, debug, and optimize software application assets for consistent cross-platform performance.

City Government of Tarlac – PESO Office | *SPES IT & Administrative Support* [2024]

- Provided front-line technical assistance, hardware troubleshooting, and software support across municipal office workstations.
- Processed and maintained high-volume digital records and data entry tasks for 4Ps beneficiaries with high accuracy.
- Supported administrative staff by focusing on document processing workflows and maintaining organized digital filing systems.

Barangay Balete Local Government Unit – Tarlac City | *Work Immersion Intern* [2023]

- Managed front-desk operations, technical support inquiries, and high-volume administrative document workflows.
- Maintained local record databases through regular data entry, data verification, and digital archiving.

KEY ACADEMIC PROJECT

Transport & Logistics Delivery Management System | *Desktop Application Capstone Project*

- Architected and developed an offline desktop management system utilizing C# (.NET) and SQL Server/MySQL database.
- Engineered core modules for crew scheduling, trip reporting, automated billing calculations, and digital record management.

EDUCATION

Bachelor of Science in Information Technology — Systems Technology Institute (STI) College Tarlac [2022 – 2026]
